- Explanation of Commonly Used Terms, which provides a brief explanation of the terms used throughout this Benefit Booklet,
- a clear, concise explanation of your Group Benefits,
- information you need, and simple instructions, on how to submit a claim.

Important Note

The purpose of this booklet is to outline the benefits for which you are eligible as an employee of Weyerhaeuser Company Limited. The information in this booklet is a summary of the provisions of the Plan Document. In the event of a discrepancy between this booklet and the Plan Document (both available from your employer), the terms of the Plan Document will apply.

The booklet in either its paper or electronic form is provided for information purposes only and does not create or confer any contractual rights or obligations.

Possession of this booklet alone does not mean that you or your dependents are covered. The Plan Document must be in effect and you must satisfy all the requirements of the Plan.

You or any of your covered dependents have the right to request a copy of any or all of the following items:

- the Plan Document,
- your application for group benefits, and
- any Evidence of Insurability you submitted as part of your application for benefits.

Manulife Financial reserves the right to charge you for such documentation after your first request.

We suggest you read this Benefit Booklet carefully, then file it in a safe place with your other important documents.

Your Group Benefit Card

Your Group Benefit Card is the most important document issued to you as part of your Group Benefit Program. It is the only document that identifies you as a Plan Member. The Plan Document Number and your personal Certificate Number may be required before you are admitted to a hospital, or before you receive dental or medical treatment.

The Plan Document Number and your Certificate Number are also necessary for ALL correspondence with Manulife Financial. Please note that you can print your Certificate Number on the front of this booklet for easy reference.

Your Group Benefit Card is an important document. Please be sure to carry it with you at all times.

Why Group Benefits?

Government health plans can provide coverage for such basic medical expenses as hospital charges and doctors' fees. In case of disability, government plans (such as Employment Insurance, Canada/Quebec Pension Plan, Workers' Compensation Act, etc.) may provide some financial assistance.

But government plans provide only basic coverage. Medical expenses or a disability can create financial hardship for you and your family.

Private health care and disability programs supplement government plans and can provide benefits not available through any government plan, providing security for you and your family when you need it most.

Your Employer's Representative

Your employer is responsible for ensuring that all employees are covered for the Benefits to which they are entitled by reporting all new enrolments, terminations, changes, etc., and keeping all records up to date.

As a member of this Group Benefit Program, it is up to you to provide your employer with the necessary information to perform such duties.

Your Employer's Representative is _____
Phone Number: _____

Please record the name of your representative and the contact number in the space provided.

Applying for Group Benefits

To apply for Group Benefits, you must submit a completed [Enrolment or Re-enrolment Application form](#), available from your employer. Your employer then forwards the application to Manulife Financial.

Making Changes

To ensure that coverage is kept up to date for yourself and your dependents, it is vital that you report any changes to your employer. Such changes could include:

- change in Dependent Coverage
- applying for coverage previously waived
- change in Name

How to Submit a Claim

All claim forms, available from your employer, must be correctly completed, dated and signed. Remember, always provide your Group Policy Number, Plan Document Number and your Certificate number (found on your Group Benefit Card) to avoid any unnecessary delays in the processing of your claim.

Your employer can assist you in properly completing the forms, and answer any questions you may have about the claims process and your Group Benefit Program.

Payment of Extended Health Care Claims

Once the claim has been processed, Manulife Financial will send a Claim Statement to you.

The top portion of this form outlines the claim or claims made, the amount subtracted to satisfy deductibles, and the benefit percentage used to determine the final payment to be made to you. If you have any questions on the amount, your employer will help explain.

The bottom portion of this form is your claims payment, if applicable. Simply tear along the perforated line, endorse the back of the cheque and you can cash it at any chartered bank or trust company.

You should receive settlement of your claim within three weeks from the date of submission to Manulife Financial. If you have not received payment, please contact your employer.

Co-ordination of Extended Health Care and Dental Care Benefits

If you or your dependents are covered for similar benefits under another Plan, this information will be taken into account when determining the amount of expenses payable under this Program.

This process is known as Co-ordination of Benefits. It allows for reimbursement of covered medical and dental expenses from all Plans, up to a total of 100% of the actual expense incurred.

Plan means:

- other Group Benefit Programs;
- any other arrangement of coverage for individuals in a group; and
- individual travel insurance plans.

Plan does not include school insurance or Provincial Plans.

Order of Benefit Payment

A variety of circumstances will affect which Plan is considered as the "Primary Carrier" (ie., responsible for making the initial payment toward the eligible expense), and which Plan is considered as the "Secondary Carrier" (ie., responsible for making the payment to cover the remaining eligible expense).

- If the other Plan does not provide for Co-ordination of Benefits, it will be considered as the Primary Carrier, and will be responsible for making the initial payment toward the eligible expense.
- If the other Plan does provide for Co-ordination of Benefits, the following rules are applied to determine which Plan is the Primary Carrier.

The Claims Process

- *For Claims incurred by you or your Dependent Spouse:*

The Plan covering you or your Dependent Spouse as an employee/member pays benefits before the Plan covering you or your Spouse as a dependent.

In situations where you or your Spouse have coverage as an employee/member under more than one Plan, the order of benefit payment will be determined as follows:

- The Plan where the person is covered as an active full-time employee, then
- The Plan where the person is covered as an active part-time employee, then
- The Plan where the person is covered as a retiree.

- *For Claims incurred by your Dependent Child:*

The Plan covering the parent whose birthday (month/day) is earlier in the calendar year pays benefits first. If both parents have the same birthdate, the Plan covering the parent whose first name begins with the earlier letter in the alphabet pays first.

However, if you and your Spouse are separated or divorced, the following order applies:

- The Plan of the parent with custody of the child, then
 - The Plan of the spouse of the parent with custody of the child (i.e., if the parent with custody of the child remarries or has a common-law spouse, the new spouse's Plan will pay benefits for the Dependent Child), then
 - The Plan of the parent not having custody of the child, then
 - The Plan of the spouse of the parent not having custody of the child (i.e., if the parent without custody of the child remarries or has a common-law spouse, the new spouse's Plan will pay benefits for the Dependent Child).
 - Where you and your spouse share joint custody of the child, the Plan covering the parent whose birthday (month/day) is earlier in the calendar year pays benefits first. If both parents have the same birthdate, the Plan covering the parent whose first name begins with the earlier letter in the alphabet pays first.
- A claim for accidental injury to natural teeth will be determined under Extended Health Care Plans with accidental dental coverage before it is considered under Dental Plans.
 - If the order of benefit payment cannot be determined from the above, the benefits payable under each Plan will be in proportion to the amount that would have been payable if Co-ordination of Benefits did not exist.
 - If the person is also covered under an individual travel insurance plan, benefits will be coordinated in accordance with the guidelines provided by the Canadian Life and Health Insurance Association.

Submitting a Claim for Co-ordination of Benefits

To submit a claim when Co-ordination of Benefits applies, refer to the following guidelines:

- As per the Order of Benefit Payment section, determine which Plan is the Primary Carrier and which is the Secondary Carrier.
- Submit all necessary claim forms and original receipts to the Primary Carrier.
- Keep a photocopy of each receipt or ask the Primary Carrier to return the original receipts to you once your claim has been settled.
- Once your claim has been settled by the Primary Carrier, you will receive a statement outlining how your claim has been handled. Submit this statement along with all necessary claim forms and receipts to the Secondary Carrier for further consideration of payment, if applicable.

A Medical Emergency is:

- a sudden, unexpected injury or a new medical condition which occurs while a covered person (you or your dependent) is travelling outside of his province of residence, or
- a specific medical problem or chronic condition that was diagnosed but medically stable prior to departure

Stable means that, in the 90 days before departure, the covered person (you or your dependent) has not:

- been treated or tested for any new symptoms or conditions
- had an increase or worsening of any existing symptoms
- changed treatments or medications (other than normal adjustments for ongoing care)

Coverage is not available if you (or your dependents) have scheduled non-routine appointments, tests or treatments for the condition or an undiagnosed condition.

Coverage is also available for medical emergencies related to pregnancy as long as travel is completed at least 4 weeks before the due date.

A medical emergency ends when the attending physician feels that, based on the medical evidence, a patient is stable enough to return to his home province or territory.

For all non-emergency medical treatment out of Canada:

- the treatment must be recommended by a physician practicing in Canada, and
- it is advisable that you submit a detailed treatment plan with cost estimates before treatment begins. You will then be notified of any benefit that will be provided.

Charges for the following are payable under this expense:

- physician's services
- hospital room and board at standard ward rates. Charges in excess of ward rates are payable, if hospital coverage is provided under this Benefit Program. Hospital coverage is limited to a maximum of 90 days.
- the cost of special hospital services
- hospital charges for out-patient treatment
- licensed ambulance services, including air ambulance, to transfer the patient to the nearest medical facility or hospital where adequate treatment is available
- medical evacuation for admission to a hospital or medical facility in the province where the patient normally resides

The amount payable for these expenses will be the reasonable and customary charges less the amount payable by the Provincial Plan.

Charges incurred outside the province of residence for all other Covered Extended Health Care Expenses are payable on the same basis as if they were incurred in the province of residence.

- Medical Travel Allowance

When medical treatment is required that is not available in your province of residence, this coverage will pay 100% for:

- transportation of a patient to and from the nearest locale equipped to provide the required treatment and transportation of an attendant for the patient when medically necessary; and
- where transportation has been covered as per the above, accommodation in a standard commercial facility for the patient and, if required, the patient's attendant, before and after the medical treatment, for the minimum number of days required to satisfactorily complete the treatment.

Conditions of coverage are as follows:

- transportation must take place within two months of the doctor's (M.D). referral;
- the treatment must be recommended by two physicians or appropriate authorities and approved in advance by the Administrator;
- treatment shall include only those established and generally accepted treatment programs in the United States and Canada;

Your Group Benefits

- coverage will not be provided for transplants, transsexual surgery, cosmetic or experimental procedures;
- procedures must not be investigative or part of a research program and many not be funded from any other source, except a Provincial Health Care Plan; and
- the Provincial Health Care Plan must recognize the expense and accept its share of financial responsibility.

Emergency Travel Assistance

Emergency Travel Assistance is a travel assistance program available for you and your covered dependents. The assistance services are delivered through an international organization, specializing in travel assistance. The following services are provided, when required as a result of a medical emergency during the first 9 months for dependent students and 6 months for all others, while travelling outside your province of residence.

Details on your Emergency Travel Assistance benefit are provided below, as well as in your Emergency Travel Assistance brochure.

Medical Emergency Assistance

A Medical Emergency is:

- a sudden, unexpected injury or a new medical condition which occurs while a covered person (you or your dependent) is travelling outside of his province of residence, or
- a specific medical problem or chronic condition that was diagnosed but medically stable prior to departure

Stable means that, in the 90 days before departure, the covered person (you or your dependent) has not:

- been treated or tested for any new symptoms or conditions
- had an increase or worsening of any existing symptoms
- changed treatments or medications (other than normal adjustments for ongoing care)
- been admitted to the hospital for treatment of the condition

Coverage is not available if you (or your dependents) have scheduled non-routine appointments, tests or treatments for the condition or an undiagnosed condition.

Coverage is also available for medical emergencies related to pregnancy as long as travel is completed at least 4 weeks before the due date.

A medical emergency ends when the attending physician feels that, based on the medical evidence, a patient is stable enough to return to his home province or territory.

Expenses incurred for the medical transportation will be paid, as described under Medical Services and Supplies - Ambulance.

If medically necessary for a qualified medical attendant to accompany the covered person, expenses incurred for round-trip transportation will be paid.

f) **Return of Dependent Children**

If dependent children are left unattended due to the hospitalization of a covered person, arrangements will be made to return the children to their home. The extra costs over and above any allowance available under pre-paid travel arrangements will be paid.

If necessary for a qualified escort to accompany the dependent children, expenses incurred for round-trip transportation will be paid.

g) **Trip Interruption/Delay**

If a trip is interrupted or delayed due to an illness or injury of a covered person, one-way economy transportation will be arranged to enable each covered person and a Travelling Companion (if applicable) to rejoin the trip or return home. Expenses incurred, over and above any allowance available under pre-paid travel arrangements will be paid.

A Travelling Companion is any one person travelling with the covered person, and whose fare for transportation and accommodation was pre-paid at the same time as the covered person's fare.

If the covered person chooses to rejoin the trip, further expenses incurred which are related directly or indirectly to the same illness or injury, will not be paid.

Your Group Benefits

How to Access Emergency Travel Assistance - Your Emergency Travel Assistance Card

Your Emergency Travel Assistance card lists the toll free numbers to call in case of an emergency, while travelling outside your province. The toll free number will put you in touch with the international travel assistance organization.

Your Emergency Travel Assistance card also lists your I.D. number and plan document number, which the travel assistance organization needs to confirm that you are covered by Emergency Travel Assistance.

If you do not have a Emergency Travel Assistance Card, please contact your employer.

Submitting a Claim

To submit an Extended Health Care claim, you must complete an [Extended Health Care Claim form](#), except when claiming for physician or hospital expenses incurred outside your province of residence.
